

Join us for a tour of Ocean Discovery's Living Lab!

The Living Lab is a science education facility for young people, families, and community members. The Living Lab will be more than just a building - it will be a place where:

- Students engage in tuition-free science and conservation programs that set expectations for the highest achievement.
- Students explore the fields of science & define their college and career aspirations.
- Students conduct meaningful real-world research alongside scientists.

Living Lab Site Tours
