

AMERICORPS DISCOVERY FELLOW LEADERS INITIATIVE POSITION DESCRIPTION

Can you imagine being part of a passionate team working to eliminate barriers to science education as part of a national movement for developing healthy communities?

At Ocean Discovery Institute we use science to engage young people from urban, underserved backgrounds and empower them to transform their lives, their community, and ultimately our world as scientific and conservation leaders. We've received the Presidential Award for Excellence in Science, Mathematics, and Engineering Mentoring, and most recently were recognized as a [CNN Hero](#).

We're looking for diverse, dedicated, and driven talent to help us deliver exceptional programming to these young people, and you'll be joining us at an exciting time. We are opening a state-of-the-art science education facility, our [Living Lab](#), in the heart of one of San Diego's most underserved communities, enabling us to serve all 20,000 students in our school shed. You'll not only serve the community, you'll become a part of it.

As the AmeriCorps Discovery Fellow for the Leaders Initiative, you'll support our community overcoming odds to fulfill their dreams of science careers and better futures for their families. This is hard, but rewarding work. Individuals in this position gain professional skills over a two-year period to help them succeed in their next steps upon completion of service.

OUR COMMITMENT TO YOU

- First year of service: foster management and interpersonal skills, while developing projects that offer new skills and experience needed for intended career path.
- Second year of service: grow your leadership through mentoring, increased programmatic responsibilities, and personal development based on individual interests and intended next steps.
