

<b><u>Title</u></b>	<b><u>Duration</u></b>	<b><u>Time Commitment</u></b>
Career Discovery Volunteer	1 day	3-4 hours

Are you a STEM professional passionate about science and conservation? Are you looking to make a difference? We have just the opportunity for you!

### **Key Responsibilities**

- Participate in a brief day of orientation to your role.
- Develop a 10 minute presentation about your career pathway and journey as a STEM and conservation professional as well as highlight ways you innovate solutions in your career.
  - Presentations are informal (no PowerPoint) and you are welcome to bring props (e.g. research equipment, chips, etc.) to support your presentation.
- Encourage and answer questions that help students explore science and various career paths.

### **Volunteer Impact**

- Inspire hundreds of students to explore and pursue science careers.

### **Commitment**

- Approximately 3-4 hours for one day during the months of October through December.
- Sign up for more days if you are available 😊

### **Requirements**

- Be a professional or pursuing an advanced degree in a STEM or conservation fields.
- Must be an approved volunteer by submitting a Volunteer (ADULT) application.

### **Bonus Qualifications**

- Comfort speaking to large groups in a public setting.
- Previous experience in teaching or mentoring youth.
- From a diverse background similar to the students Ocean Discovery serves.
