

Normal Heights Elementary School Program Schedule  
Ocean Discovery Institute – Ocean Science Explorers  
2019-2020

**4<sup>th</sup> Grade Unit:**

During this unit students will gain experience in observing the structure and function of organisms along the coast and in the deep sea, to construct explanations about how organisms survive in their environments.

When traveling to the coast, students will be able to find, via a map, the beginning of the La Jolla submarine canyon on shore, and continue to explore how organism survive there when they visit the Living Lab.

To ensure a quality learning environment please:

- Review the following schedule and email Rochelle ([RMothokakobo@OceanDI.org](mailto:RMothokakobo@OceanDI.org)) about any scheduling conflicts
- Meet with Rochelle on February 5<sup>th</sup> to preview the new curriculum
- Have student's complete waivers and turn into Ocean Discovery Institute staff by February 6<sup>th</sup>
- Please ensure all students wear close-toed shoes and come with nametags to Ocean Discovery Institute's Living Lab and during their Coastal Learning Experience.
- Debrief with Rochelle on March 4<sup>th</sup> after school to complete teacher survey and talk about your experiences

Looking forward to working with you this year. Thank you!

**Curriculum Preview Meeting**

Wednesday, February 5<sup>th</sup>

1:45 – 2:15    ALL 4<sup>th</sup> Grade Teachers

**School Learning Experience**

Thursday, February 6<sup>th</sup>

1:30 – 2:30    Faddis
