

Cherokee Point Elementary School Program Schedule  
Ocean Discovery Institute – Ocean Science Explorers  
2019-2020

**4<sup>th</sup> Grade Unit:**

During this unit students will gain experience in observing the structure and function of organisms along the coast and in the deep sea, to construct explanations about how organisms survive in their environments. When traveling to the coast, students will be able to find, via a map, the beginning of the La Jolla submarine canyon on shore, and continue to explore how organisms survive there when they visit the Living Lab.

To ensure a quality learning environment please:

- Review the following schedule and email Rachel ([RWhelan@OceanDI.org](mailto:RWhelan@OceanDI.org)) about any scheduling conflicts
- Have student's complete waivers and turn into Ocean Discovery Institute staff by **March 9<sup>th</sup>** (download from [www.oceandiscoveryinstitute.org/teachers](http://www.oceandiscoveryinstitute.org/teachers))
- Please ensure all students wear close-toed shoes and come with nametags to Ocean Discovery Institute's Living Lab and during their Coastal Learning Experience.
- Debrief on **March 17<sup>th</sup>** after school to complete teacher survey and talk about your experiences

Looking forward to working with you this year. Thank you!

**School Learning Experience**

Monday, March 2<sup>nd</sup>

11:00 – 12:00 Ayala +Palacios 4th

1:00 – 2:00 Escobar
