### HOW TO USE THIS ROADMAP

This roadmap is designed to assist you in your transition to San Diego City, Mesa and Miramar Colleges. You will note that there are six required checkpoints. While each step is important to student success, three of the steps: assessment, orientation and education planning are required in order to receive priority enrollment.

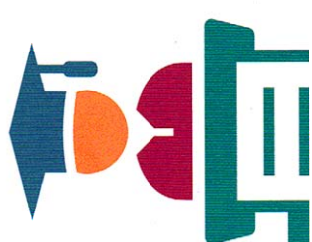

**5 Get Your Educational Plan.** Schedule a meeting with a counselor to get help planning your classes for the next two semesters.

**6 Register for Classes and Pay Fees:** Congratulations! You have priority registration for the fall, giving you a better chance of getting the classes you want.

Study hard, maintain good grades to keep your priority registration and be sure to **follow-up with your counselor** each semester for help planning your classes. This is your roadmap to graduation!
