

Ocean Leader Bridge Program Parent Flyer

COURSE OBJECTIVES

Students will...

- **BELIEVE** that science is something they can do and a scientist is someone they can be.
- **ACHIEVE** in science and think critically.
- **LEAD** in science and conservation to make a difference

COURSE OVERVIEW

We welcome students into the family of Ocean Leaders and introduce them to the Science Discovery Process through investigation of invertebrates, fish and marine mammals during hands-on labs and field trips. We teach the importance of a growth mindset and provide growth mindset tools to support learning, healthy bodies, and strong hearts and minds.

COURSE LOCATION

Ocean Discovery Institute Living Lab, San Diego, CA

Launch Night: **6/15 from 5 to 7pm**

IMPORTANT DATES

Program Days in San Diego:

6/9 to 6/30. Daily from 9am to 3pm.

Overnight: **6/26**
